I know things are probably crazy for you, but we sent in a meeting request for Pruitt on behalf of the Uranium Producers of America (UPA) last Monday, and I wondered if you would be able to flag it for the right folks over there, or could connect me to someone I can follow up with? We sent the attached letter to the scheduling email address (Pruitt.scott@epa.gov) but wanted to also follow up with a real person if possible.

Thanks for any assistance, I know scheduling isn't your job description, but really appreciate any help you can provide!

Good morning –

We have 87 people RSVP'ed for today's call – including 43 from RGA representing 26 different states. I expect more RSVP's to come in this morning. Because of the turn-out, if he does have any extra time we would appreciate lengthening the q&a. It will be operator monitored.

Any concerns about us adding a speaker about messaging after the Administrator concludes and is off the phone?

For tomorrow's call - after Administrator Pruitt has concluded, we wanted to have someone from Protecting America Now (a c4 focused on transforming EPA back to its original intent) give an update on message polling they just did related to many of the policies our groups are advancing. Wanted to see if there is any issue with us covering this topic after the Administrator concludes.

Thank you for all your help with this call. Attached is a one-page reference sheet for next week's call with Administrator Pruitt. I inserted the details below – please let me know if I need to change anything, especially the speaking and Q&A time.

Monthly State Policy Network Energy – Environmental Policy Huddle

This monthly call brings together energy and environmental experts from the network of 66 state-based free market think tanks, national think tanks, state legislators, legal experts and state governors' staff. The goal is to share state-level intelligence, resources and develop strategies on multi-state and national issues

Thursday, May 18, 2017 – 4:00 pm est

Speaker call-in number:

1-800-779-3177

Speaker code – 45324

Participant code - 7139036

Purpose of call: Environmental Protection Agency Administrator Scott Pruitt provides an update on proposed changes to EPA policy and regulations and how they will impact states. Many people on this call were leading the Clean Power Plan push-back in their state and are advocates for devolving decision making to the local level.

Agenda:

Call will start in speaker-only mode (moderated by an operator)

4:00 pm – Welcome, brief background about the monthly call and introduce EPA Administrator Scott Pruitt, Jennifer Butler, State Policy Network

4:03 pm – Administrator Pruitt's remarks (10 minutes)

4:13 pm – Q&A - operator queued -up questions (10 minutes)

Participating organizations:

State Policy Network - State Policy Network supports 66 independent state think tanks that develop practical public policy solutions to help solve some of our country's greatest challenges at the state and national levels.

American Legislative Exchange Council - ALEC is America's largest nonpartisan, voluntary membership organization of state legislators dedicated to the principles of limited government, free markets and federalism. It is comprised of

nearly one-quarter of the country's state legislators and stakeholders from across the policy spectrum.

Republican Governors Public Policy Committee - RGPPC serves as the official policy arm of the Republican Governors Association. Bringing together 33 Republican governors from statehouses across the country, the RGPPC is committed to shaping public policy debates at the state and federal levels of government.

It is not a problem – I am sure you all are extremely busy. I can set a call anytime that will be good for the Secretary's schedule. Because so many states are in legislative session, Thursdays and Fridays are best (in the afternoon so folks on the west coast can join us).

Looking at our network's schedule, the next few weeks are pretty open so we can be flexible if there are a few dates / times that work with his schedule.

Attached is the completed form requesting Secretary Pruitt to join our monthly State Energy / Environmental Policy Call. To expand the call to other key parties in the states, I can invite ALEC and RGA to participate. Our three organizations have been on a lot of policy related calls (healthcare and tax reform) together lately.

Background on this call:

We kicked off this call in December of 2015 with the goal of getting as many states as possible to submit requests to EPA for two-year state plan extensions, but after the SCOTUS stay the call transitioned into getting as many states to stop working on a plan. During session our weekly war room calls quickly became the go-to source for state action and info sharing. We not only have state and national think tank policy experts engaged, but also private industry and attorneys associated with state AG offices. We also deal with RPS mandates, carbon tax and messaging proactive free market solutions. The call is now on a monthly basis and would benefit greatly from receiving a first-hand update on changes we will see at the EPA, plus what support the agency needs during this transition.

Look forward to discussing this request. Thank you for your consideration.

One small wrinkle...we had someone else (literally just 15 minutes ago) accept the 3:30pm time slot. Is there any way possible that Administrator Pruitt could come meet with us at 4:30pm at the Grand Hyatt OR we could come meet him in his office at 5:00pm at the EPA? If neither of these times work, please let me know and we will do our best to move the other meeting.

Thanks again and happy to chat on the phone if that's easier.

Ryan, I hope you are doing well with your transition to the EPA. I will be visiting Washington, DC with several of my colleagues in the commercial vehicle industry and hope that you could meet with us on Wednesday, April 19th.

The participants in the meeting would be the President of the Truck and Engine Manufacturers Association (EMA) and executives from the major manufacturers – Cummins, Navistar, Paccar, Daimler and Volvo. Our intent is to discuss industry regulatory issues including the Phase 2 Fuel Efficiency and Greenhouse Gas regulations and the potential for a future low NOx rule.

We can be flexible on the timing for a meeting on April 19th. We are hoping that you would also invite other leaders in the Agency that could contribute to the discussion.

Please let me know what time would work and thanks for your consideration,

Dear Amy Dewey,

As we discussed, AF&PA has requested two meetings with EPA. The first is a request for AF&PA's President and CEO and several of our member CEOs to meet with Administrator Pruitt on May 4th (see attached meeting request). To assist with scheduling that meeting, I have copied Sydney Hupp and Michelle Hale, as you suggested. I appreciate any help you can provide on scheduling this meeting.

The second is request for AF&PA staff to meet with Mandy Gunasekara and other key EPA staff to discuss our comments filed in response to the Department of Commerce Request for Information and to prepare for the meeting with Administrator Pruitt (see meeting request below). It is my understanding that Ms. Gunasekara has already facilitated the scheduling of that meeting. Thanks again for all your help.

Subject: Meeting Request

Dear Ms. Gunasekara:

We are writing to request a meeting with you and your colleagues to discuss a number of EPA regulations and permit requirements that we have identified as adversely affecting our member's manufacturing operations. On March 31, AF&PA filed comments in response to the Department of Commerce's Request for Information pursuant to the President's January 24 directive, and our comments discuss problems and proposed solutions related to 77 distinct rules and permit issues impeding U.S. manufacturing. Most of the comments focus on EPA issues.

AF&PA President and CEO Donna Harman has requested a meeting with Administrator Pruitt on behalf of several of our CEOs on May 4th, and we believe that meeting with you and other key EPA staff in advance of that meeting would enable the Administrator to be well-briefed and ensure the meeting is as productive as possible. As the issues we would like to discuss span a number of EPA offices, we have copied several of your colleagues on this message. We will facilitate your busy schedule, but the dates of April 18-21 look good for us.

Top priority issues we would like to discuss include:

1. Carbon Neutrality of Biomass
2. Air Permit Gridlock
3. Human Health Water Quality Criteria
4. EPA Procurement Guidelines for Paper and Paper Products Containing Recovered Materials/Specifications, Labels and Standards

AF&PA represents U.S. manufacturers of pulp, paper, packaging, tissue and wood products. Our industry employs 900,000 hard working men and women, and our mills often are located in small, rural communities that need good-paying jobs. The U.S. forest products industry is very heavily regulated, but at the same time also must operate efficiently in a fiercely competitive global market.

We look forward to hearing from you soon and to discussing these important issues. Thank you for your consideration.

Best regards,

Paul Noe

Hi Sydney and Aaron-

I wanted to loop in our event planner, Allegra Hewell. She's great to work with, and I apologize for not bringing her in sooner.

Can you let us know if September 28th is workable or let us know when you will have a better idea so we can plan accordingly?

Kind Regards,

My name is Cheryl Woodward, your of Point of Contact for logistics for your meeting at EPA. Below are the instructions/directions to EPA and if you have any logistic question, I will be glad to assist you. Sydney will answer your questions regarding the meeting.

Directions: If you come by Metro, the Federal Triangle metro stop is directly below the building entrances. You would leave the metro station and go up all three sets of escalators and then do a small U-Turn to the right heading toward 12th street, the North Lobby entrance is directly and immediately to your left (Glass Doors -EPA Signified on Glass).

If you are coming by taxi/vehicle, you want to be dropped off on 12th NW, between Constitution Ave and Pennsylvania Ave. It is almost exactly half way between the two avenues on 12th street and the Federal Triangle Metro sign can be used as a landmark. From 12th Street, facing the building with the EPA and American flags, walk toward the building (under the flags) and take the glass door on your left hand side with the escalators going down to the metro on your left. This again will be the South Lobby of the William Jefferson Clinton building.

Once inside the building, security will prompt you to scan all items such as bags, coats etc., and then let the guards know that you were instructed to call Cheryl Woodward at 564-1274 or Michelle Hale at 564-1430 to escort you to the meeting with the Administrator. Security will make temporary cards for everyone. Allow for 15 minutes to get through the process.

Good afternoon Gretchen,

Hope you had a great weekend! Unfortunately it is just not a good week for us. I have reached out to the other gentlemen that you suggested as well as a few others and it doesn't look like a possibility. I am so sorry we can't make it work.

Thank you!

Good afternoon Sydney,

We are very disappointed hearing that Administrator Pruitt and Chief of Staff Ryan Jackson are unable to participate in our conference on April 27th. Would you please be so kind to offer another candidate such as Byron Brown or possibly Don Benton to speak on behalf of the EPA. This is a very important event and we would really like your help.

Please call me at your earliest convenience to discuss alternatives. Also, Joe Umberto's number is 908-500-2133.

I look forward to hearing from you as soon as possible. Time is of the essence.

Kind regards and thank you,

Good afternoon Gretchen,

I am hopeful this email finds you well! Reaching out today regarding your request for Administrator Pruitt to speak at your conference on April 27th. Unfortunately he will be unavailable that day to speak in New Jersey, as will his Chief of Staff who I believe was also being considered as a possible speaker. I am so sorry we were unable to participate but we are thankful for your patience through the process. Wishing you all the best in your event!

Hi Sydney - Can you also tell me if we can bring a professional photographer to take a few photographs prior to the meeting with Administrator Pruitt? I know in the past meetings with the EPA Administrator, sometimes your office had a photographer on hand.

My goal is to have a photograph of the Administrator speaking with NAHB's senior leadership for our Association's various communication platforms.

Thanks again for your help scheduling this meeting.

Hi Sydney

Sorry for the delay. We are still working on the paperwork for mid-year and I hope to get that to you shortly. As for the meeting on Wednesday, topics for discussion include overall regulatory reform, stormwater, lead-based paint, and WOTUS. We do not expect to get into great detail on any of these, just to touch on their importance to the industry, the challenges they pose, and some potential solutions.

I am assuming the meeting on Wednesday is at the EPA offices on Constitution Ave? Pls clarify and notify us of which entrance to use and who to call when we arrive.

I am cc-ing my colleague, Michael Mittelholzer, who will be your primary contact moving forward, but please respond to all so I am in the loop.

Thanks again!

Hi Sydney! I will get the form back to you tomorrow for the mid-year, but wanted to quickly respond for next week. I'd like to take you up on the meeting on Wednesday, March 29 at 3:00. I assume this will be at EPA's offices?

Tentative attendees include:

- Granger MacDonald, Chairman of the Board, a Kerrville, Texas-based builder and developer with 40 years of experience in the home building industry.
- Randy Noel, MIRM, CGB, CMP, First Vice Chairman of the Board, a Louisiana-based custom home builder with more than 30 years of experience in the residential construction industry. Noel founded Reve Inc., a custom home building firm in LaPlace, La., in 1985.
- Greg Ugalde, CGP, GMB, Second Vice Chairman of the Board, a Connecticut builder and developer. Ugalde is president and chief legal officer of Torrington-based T&M Building Co., Inc., one of the largest home builders in the state. T&M Homes has built more than 3,500 new single-family attached and detached homes in over 40 Connecticut communities.
- Dean Mon, Third Vice Chairman of the Board, a New Jersey-based builder and developer with more than 30 years of experience in the home building industry. Mon is president of the D.R. Mon Group, Inc., which specializes in the development and construction of green urban living projects throughout New Jersey.
- Gerald M. Howard, Chief Executive Officer, has more than 25 years of lobbying and association experience in Washington, D.C.

- [REDACTED] Dave Ledford, EVP, Housing Finance and Regulatory Affairs, NAHB
- [REDACTED] Michael Mittelholzer, AVP, Environmental Policy, NAHB

I will send a list of topics to be discussed tomorrow.

Thanks again!

Thank you for your email! So on the Mid-Year meeting, would you mind filling out the attached form so that we may discuss in scheduling? And as for the senior executives being in town next week, we actually just had a meeting cancelled at 3PM on the 29th. Is it still possible for your senior officers to meet with him then? It would be from 3:00-3:30 and I would request their names and topic of the meeting. Hoping this still works on your end!

Subject: NAHB Meeting w Administrator Pruitt

Hi Sydney!

Thanks for the call today. The National Association of Home Builders is very interested in having EPA Administrator Pruitt speak before a larger group of our members. In an effort to accommodate his schedule, we are willing to create a special meeting during our Mid-Year Meeting if the Administrator is available. The timing for the meeting would be Thursday, June 15 at a time that is convenient between 12:30 and 2:30 at the Marriott Wardman Park, 2660 Woodley Road, NW, Washington, DC. We would have an audience of approximately 700 members who are interested in hearing about Administrator Pruitt's vision for the agency, how the agency will address some of the high priority issues, and steps that may be taken to improve the regulatory environment for the Nation's home builders. We would also like to reserve some time for questions, if allowed.

Our Senior Officers would also like to meet privately with Administrator Pruitt. They will be in town and available for a quick visit next week, if a meeting on such short notice is possible. They could be available Wednesday, March 29, between 3 – 5 pm or Thursday, March 30, between 8 am – 12 pm. They could also be available for a meeting on Wednesday, June 14 or before or after the address to the members on June 15, if that schedule works.

Please take another look at the calendar and let me know what might be possible. I look forward to working with you and the Administrator in the future.

Thanks for your assistance!

Thank you! Looking forward to connecting in person as well.

Directions: If you are coming by taxi/vehicle, you want to be dropped off on 12th NW, between Constitution Ave and Pennsylvania Ave. It is almost exactly half way between the two avenues on 12th street and the Federal Triangle Metro sign can be used as a landmark. From 12th Street, facing the building with the EPA and American flags, walk toward the building (under the flags) and take the glass door on your left hand side with the escalators going down to the metro on your left. This again will be the South Lobby of the William Jefferson Clinton building.

Once inside the building, security will prompt you to scan all items such as bags, coats etc., and then let the guards know that you were instructed to call Cheryl Woodward at 564-1274 or Michelle Hale at 564-1430 to escort you to the meeting with the Administrator. Security will make temporary cards for everyone. Allow for 15 minutes to get through the process.

Please don't hesitate if you have any more questions!

Good afternoon Ms. Hupp,

I have spoken with Nathan Reese who requested I reach out to you directly about getting an EPA flag that we could hang during Administrator Pruitt's remarks to LPPC on Monday, May 22nd. As you may know, we have a walk-through with your advance team (Brady Henderson and Forest McMurray) this coming Friday, May 19th. I have tried to call Brady several times on the number that he gave me but it keeps going straight to voicemail and it doesn't allow me to leave

him a message.

Would you please send me his contact information or direct me on how best to secure an EPA flag? It would be great to have it brought to the walk through so we can have it hanging and ready on Monday.

Thank you for your guidance!

Good afternoon,

I'm with the National Marine Manufacturers Association (NMMA). Earlier this week, NMMA and coalition partners sent the attached letter/petition to Administrator Pruitt. It had the support of over 26,000 recreational boaters and anglers across the country who are calling for RFS reform.

NMMA will have a group of marine engine manufacturing executives in town June 21-22, and we would like to request a meeting with Administrator Pruitt. Our industry's executive leadership would welcome the opportunity to discuss fuel policy and the RFS with the Administrator.

Please let me know what might be workable.

Thank you.

Sydney – chip has a question about logistics. He wasn't sure he understood your note about the address. I am copied it here:

Directions: If you are coming by taxi/vehicle, you want to be dropped off on 12th NW, between Constitution Ave and Pennsylvania Ave. It is almost exactly half way between the two avenues on 12th street and the Federal Triangle Metro sign can be used as a landmark. From 12th Street, facing the building with the EPA and American flags, walk toward the building (under the flags) and take the glass door on your left hand side with the escalators going down to the metro on your left. This again will be the South Lobby of the William Jefferson Clinton building.

Once inside the building, security will prompt you to scan all items such as bags, coats etc., and then let the guards know that you were instructed to call Cheryl Woodward at 564-1274 or Michelle Hale at 564-1430 to escort you to the meeting with the Administrator. Security will make temporary cards for everyone. Allow for 15 minutes to get through the process.

Please don't hesitate if you have any more questions!

Good afternoon Zach and Ami,

Hope this email finds you well! I am reaching out today to set up a meeting between AAP and Administrator Pruitt per the letter sent by your president, Fernando Stein. If you would kindly fill out the attached request form we can begin the process of getting this meeting on the calendar. I look forward to working with you both!

Thank you,

Subject: Canadian Association of Petroleum Producers meeting request May 2 or 3

Sydney,

Thank you for all of your hard work in facilitating the meeting last week between Administrator Pruitt and Premier Wall of Saskatchewan. We felt like it was an extremely productive meeting. Unfortunately, I have a request for another meeting with Administrator Pruitt for the first week of May. I

assure you it will be my last request for a considerable amount of time. I know how valuable the Administrator's time is and I don't want to wear out my welcome. But I believe this will be a meaningful meeting for all parties.

Officials of the Canadian Association of Petroleum Producers (CAPP) will be in Washington for meetings on May 2 and 3 and would very much like to meet with Administrator Pruitt. CAPP is the Canadian equivalent of API, and CAPP member companies produce 85% of Canada's oil and natural gas. CAPP's CEO Tim McMillan will be accompanied by CAPP's incoming Board of Governors Chair Rob Dutton (President, Devon Canada) and CAPP's current Board of Governors Chair Mike Gatens (CEO, UGR Blair Creek). My partner Justin Meyers and I will also be with him.

The purpose of the meeting would be for the CAPP officials to gain a better understanding of the environmental regulatory rollback in the United States relating to the oil and gas sector. I believe the CAPP CEO's would benefit greatly from hearing about Administrator Pruitt's priorities for regulatory rollback.

Please do not hesitate to contact me if I can be of further assistance. I can be reached at (864) 373-2231 or david.wilkins@nelsonmullins.com.

We hope to see Administrator Pruitt on May 2 or 3.

Thank you.

David

Thank you for your email! So on the Mid-Year meeting, would you mind filling out the attached form so that we may discuss in scheduling? And as for the senior executives being in town next week, we actually just had a meeting cancelled at 3PM on the 29th. Is it still possible for your senior officers to meet with him then? It would be from 3:00-3:30 and I would request their names and topic of the meeting. Hoping this still works on your end!

Hi Sydney!

Thanks for the call today. The National Association of Home Builders is very interested in having EPA Administrator Pruitt speak before a larger group of our members. In an effort to accommodate his schedule, we are willing to create a special meeting during our Mid-Year Meeting if the Administrator is available. The timing for the meeting would be Thursday, June 15 at a time that is convenient between 12:30 and 2:30 at the Marriott Wardman Park, 2660 Woodley Road, NW, Washington, DC. We would have an audience of approximately 700 members who are interested in hearing about Administrator Pruitt's vision for the agency, how the agency will address some of the high priority issues, and steps that may be taken to improve the regulatory environment for the Nation's home builders. We would also like to reserve some time for questions, if allowed.

Our Senior Officers would also like to meet privately with Administrator Pruitt. They will be in town and available for a quick visit next week, if a meeting on such short notice is possible. They could be available Wednesday, March 29, between 3 – 5 pm or Thursday, March 30, between 8 am – 12 pm. They could also be available for a meeting on Wednesday, June 14 or before or after the address to the members on June 15, if that schedule works.

Please take another look at the calendar and let me know what might be possible. I look forward to working with you and the Administrator in the future.

Thanks for your assistance!

Thanks so much for organizing the meeting for us 'aggies' last week with the Administrator. Our ag groups are part of a larger coalition that represents just about every facet of the economy. Yes, please. We were originally trying to coordinate a meeting with the Administrator and the Secretary of Energy on the same date to maximize travel from Michigan. The Secretary's scheduler indicated, yesterday, the week of April 24th might be a possibility. Since we are not able to meet on the 11th, which I understand, is it possible to provide some potential dates in April that the Administrator may be able to meet with Ms. Barra, Mr. Glidden, Mr. Turton and Mr. O'Bannon? This would allow us to compare

Subject: Meeting Request for General Motors to include the CEO
To: Stanley Gerdes <stan.gerdes@hq.doe.gov>, Aaron Dickerson
<dickerson.aaron@epa.gov>

I know we have been working on a meeting request for March 31st but there has been a change in the request.

The Chairwoman & CEO of General Motors, Mary Barra, is going to be in Washington on April 11th along with Craig Glidden and Dan Turton. Because she is going to meet with the President that morning, she would like to join in a meeting with Secretary Perry and Administrator Pruitt along with Mike O'Bannon.

It is important that we lock down a time in the afternoon when they can all meet.

The meeting does not have to be separate and therefore the meeting can be at DOE or EPA and coordinated as such. I would appreciate it if you would work with whoever is appropriate so we can get back to the Chairwoman & CEO and let her know that the meeting is scheduled and locked down.

I thank you in advance for your assistance.

Regards,

Diane

Hi Sydney –

I would love to find time for a phone call between Mr. Pruitt and Tony Perkins sometime this week or next. With Congress out for the Easter recess, things are a lot more quiet and flexible on our end. For the most part, Tony could be available for a call anytime each day, with the exception of 4:00 – 6:00 pm ET when he is preparing for and hosting his daily radio program.

As I mentioned to John, the topic of this call would be to discuss pulling together a small group of key business leaders around the country who are very excited about Administrator Pruitt's new leadership role.

Appreciate you sending me some times you think this call could take place in the next week or

so.

John,

No worries at all. I felt bad even asking so late in the game. Remarkably, Vice President Pence stopped by on Friday afternoon and that was a real encouragement to our attendees.

Sydney, I will send you a separate note so we can work on finding a time for a phone call this week or next.

Thank you!

Lindsay: I apologize for the delay in getting back with you, unfortunately Administrator Pruitt's schedule has been very busy, as you can imagine. I also apologize that he will not be able to attend the event tomorrow. However, the Administrator is very interested in moving forward on the business meeting and discussing that with Mr. Perkins.

Copied on this email is Sydney Hupp who can help you move the ball down the field on that front.

Thank you Lindsay and have a great weekend!

Subject: Request for phone call today with Tony Perkins

Hi John –

Thank you for taking my call. Tony Perkins is hoping to speak with Mr. Pruitt today about a couple things:

1. We would love for him to stop by The Willard tomorrow anytime between 9:00 – 10:30 am to speak to 200 of our key supporters. This is basically the equivalent of a stakeholders meeting where we report to our major donors on FRC's impact over the last year and what we have planned for the future. We believe this crowd, many of them business owners, would be interested to hear from Mr. Pruitt on the important and necessary changes he is bringing to the EPA.

2. This is not as urgent, but he wanted to start the discussion about pulling together a small meeting of key business owners and Mr. Pruitt. This came out of a meeting Tony had a few weeks ago in California with some of our major supporters.

Tony's cell is Personal Phone/Ex. 6 If he doesn't answer, it's because he is on stage at this event, but he will call right back.

Thank you very much for passing along this request!

Ryan, I hope things are well. As we discussed last week, I would like to request a meeting for AFPM's president, Chet Thompson, with Administrator Pruitt in early May. Chet would like to reintroduce himself, discuss some of the issues that are top of mind for our refining and petrochemical members, and of course explore any ways AFPM can be helpful to the Administrator. By way of background, Chet was EPA Deputy General Counsel under President G.W. Bush.

Separately, we also have our Executive Committee meeting on June 15th in D.C. If I'm not overstepping, would it be possible to explore a second meeting with Administrator Pruitt and senior executives from our companies for that afternoon?

Subject: Dinner with Administrator Pruitt

Good afternoon Mr. McKenna,

Michelle Hale sent your contact information over to me regarding scheduling a dinner with Administrator Pruitt. I'm happy to help facilitate! Are you based in DC or should we work to find a time when you are in town?

Thank you!

Good afternoon Tomas,

Thank you for reaching out about Administrator Pruitt speaking at Florida International University. At this time we are still transitioning into our new roles at the EPA and getting several speaking and meeting requests. Would you be so kind as to give us a little time to settle in and reach back out perhaps for the fall semester? I am sorry for the delay but grateful that you reached out to us.

Best,

Hi Sydney,

I'm following up on our conversation from earlier today. I'm excited to meet with the Administrator, May 24 at 2pm. I've filled out and attached the form as per your request.

I don't have the names of my member company participants, but I will get them to you as soon as I confirm their participation. I am anticipating eight total participants.

Please let me know if you need anything else.

Administrator Pruitt,

I hope this finds you well. I am reaching out on behalf of the Society of Chemical Manufacturers & Affiliates (SOCMA). We are a trade association representing the specialty chemicals industry. I have attached a meeting request from SOCMA's CEO, Jennifer Abril.

SOCMA member companies employ more than 100,000 workers across the country and produce some 50,000 products - valued at \$60 billion annually - that make our standard of living possible. From pharmaceuticals to cosmetics, soaps to plastics, and all manner of industrial and construction products, SOCMA members make materials that save lives, make our food supply safe and abundant, and enable the manufacture of literally thousands of other products people use daily.

We hope to introduce you to some of the key players in the specialty chemical industry and explain our high priority issues.

Please contact me if you have any questions.

Robert

Good Morning Sydney,

I didn't know you had gone to EPA with General Pruitt....CONGRATULATIONS! I am sure your life has become quite zesty since making the move. If we can ever be of assistance, don't hesitate to give us a call.

When we met with General (I obtained his permission to still call him "General") Pruitt a few weeks ago he expressed his desire to come to the Summer Meeting and speak to his

former colleagues. The dates of the meeting are 20 – 22 June 2017 in Big Sky, Montana. I am sure there is a form we need to complete and return to you. Could you send me a copy and we will get it right back to you.

Again, Welcome to DC!

Hi Sydney,

Thanks for your patience – we actually have two options for the November Annual Conference in Chicago, IL. Hopefully one of these works for his schedule!

The two dates/times we have for our Annual Conference are:

Wednesday, November 8, 2017

Opening General Session

3.00pm – 4.30 pm (*presentation time roughly 3.20pm – we start the session with some associate business*)

OR

Friday, November 10, 2017

Business Meeting and General Session

9.00am – Noon (*presentation time approximately 10.30/10.45am depending on how quickly the session flows*)

Please let me know if something is unclear. If I need to redo the speaker form, just let me know. Always feel free to call me if you have questions. 703.375.0483.

Thank you!

Best,

Liz.

My name is Cheryl Woodward and I will assist you in the logistics for your meeting at EPA on Wednesday, April 26th. The instructions/directions to EPA is below and if you have any questions please contact me. Look forward to seeing you all.

Directions

Directions: If you come by Metro, the Federal Triangle metro stop is directly below the building entrances. You would leave the metro station and go up all three sets of escalators and then do a small U-Turn to the right heading toward 12th street, the North Lobby entrance is directly and immediately to your left (Glass Doors -EPA Signified on Glass).

EPA address is 1200 Pennsylvania Avenue, NW. If you are coming by taxi/vehicle, you want to be

dropped off on 12th NW, which is between 12th and Constitution Avenues. It is almost exactly half way between the two avenues on 12th street and the Federal Triangle Metro sign can be used as a landmark. From 12th Street, facing the building with the EPA and American flags, walk toward the building (under the flags) and take the glass door on your left hand side with the escalators going down to the metro on your left. This again will be the South Lobby of the William Jefferson Clinton building.

Once inside the building, security will prompt you to scan all items such as bags, coats etc., and then let the guards know that you were instructed to call Cheryl Woodward at 564-1274 or Michelle Hale at 564-1430 to escort you to the meeting with the Administrator. Security will make temporary cards for everyone. Allow for 15 minutes to get through the process.

Administrator Pruitt,

I hope this finds you well. I am reaching out on behalf of the Society of Chemical Manufacturers & Affiliates (SOCMA). We are a trade association representing the specialty chemicals industry. I have attached a meeting request from SOCMA's CEO, Jennifer Abril.

SOCMA member companies employ more than 100,000 workers across the country and produce some 50,000 products - valued at \$60 billion annually - that make our standard of living possible. From pharmaceuticals to cosmetics, soaps to plastics, and all manner of industrial and construction products, SOCMA members make materials that save lives, make our food supply safe and abundant, and enable the manufacture of literally thousands of other products people use daily.

We hope to introduce you to some of the key players in the specialty chemical industry and explain our high priority issues.

Please contact me if you have any questions.

Hi Sydney,

Yes, please. We were originally trying to coordinate a meeting with the Administrator and the Secretary of Energy on the same date to maximize travel from Michigan. The Secretary's scheduler indicated, yesterday, the week of April 24th might be a possibility. If the Administrator has any availability the week of the 24th, we would attempt to make everyone's schedule work. If this is not possible, please let me know other dates after April 11th.

Thank you for your assistance.

Good Morning Sydney,

Since we are not able to meet on the 11th, which I understand, is it possible to provide some potential dates in April that the Administrator may be able to meet with Ms. Barra, Mr. Glidden, Mr. Turton and Mr. O'Bannon? This would allow us to compare schedules so Ms. Barra and Mr. Glidden could make the trip to DC for a meeting.

Thank you in advance for your assistance.

I know we have been working on a meeting request for March 31st but there has been a change in the request.

The Chairwoman & CEO of General Motors, Mary Barra, is going to be in Washington on April 11th along with Craig Glidden and Dan Turton. Because she is going to meet with the President that morning, she would like to join in a meeting with Secretary Perry and Administrator Pruitt along with Mike O'Bannon.

It is important that we lock down a time in the afternoon when they can all meet. The

meeting does not have to be separate and therefore the meeting can be at DOE or EPA and coordinated as such. I would appreciate it if you would work with whoever is appropriate so we can get back to the Chairwoman & CEO and let her know that the meeting is scheduled and locked down.

I thank you in advance for your assistance.

My name is Cheryl Woodward and I will assist you in the logistics for your meeting at EPA on Thursday, April 27th. The instructions/directions to EPA is below and if you have any questions please contact me. Look forward to seeing you all.

Directions

Directions: If you come by Metro, the Federal Triangle metro stop is directly below the building entrances. You would leave the metro station and go up all three sets of escalators and then do a small U-Turn to the right heading toward 12th street, the North Lobby entrance is directly and immediately to your left (Glass Doors -EPA Signified on Glass).

EPA address is 1200 Pennsylvania Avenue, NW. If you are coming by taxi/vehicle, you want to be dropped off on 12th NW, which is between 12th and Constitution Avenues. It is almost exactly half way between the two avenues on 12th street and the Federal Triangle Metro sign can be used as a landmark. From 12th Street, facing the building with the EPA and American flags, walk toward the building (under the flags) and take the glass door on your left hand side with the escalators going down to the metro on your left. This again will be the **South Lobby of the William Jefferson Clinton building.**

Once inside the building, security will prompt you to scan all items such as bags, coats etc., and then let the guards know that you were instructed to call Cheryl Woodward at 564-1274 or Michelle Hale at 564-1430 to escort you to the meeting with the Administrator. Security will make temporary cards for everyone. Allow for 15 minutes to get through the process.

Ryan, I hope you are doing well with your transition to the EPA. I will be visiting Washington, DC with several of my colleagues in the commercial vehicle industry and hope that you could meet with us on Wednesday, April 19th.

The participants in the meeting would be the President of the Truck and Engine Manufacturers Association (EMA) and executives from the major manufacturers – Cummins, Navistar, Paccar, Daimler and Volvo. Our intent is to discuss industry regulatory issues including the Phase 2 Fuel Efficiency and Greenhouse Gas regulations and the potential for a future low NOx rule.

We can be flexible on the timing for a meeting on April 19th. We are hoping that you would also invite other leaders in the Agency that could contribute to the discussion.

Please let me know what time would work and thanks for your consideration,

Hi Sydney –

I would love to find time for a phone call between Mr. Pruitt and Tony Perkins sometime this week or next. With Congress out for the Easter recess, things are a lot more quiet and flexible on our end. For the most part, Tony could be available for a call anytime each day, with the exception of 4:00 – 6:00 pm ET when he is preparing for and hosting his daily radio program.

As I mentioned to John, the topic of this call would be to discuss pulling together a small group of key business leaders around the country who are very excited about Administrator Pruitt's new leadership role.

Appreciate you sending me some times you think this call could take place in the next week or so.

Subject: Request for phone call today with Tony Perkins

Hi John –

Thank you for taking my call. Tony Perkins is hoping to speak with Mr. Pruitt today about a couple things:

1. We would love for him to stop by The Willard tomorrow anytime between 9:00 – 10:30 am to speak to 200 of our key supporters. This is basically the equivalent of a stakeholders meeting where we report to our major donors on FRC's impact over the last year and what we have planned for the future. We believe this crowd, many of them business owners, would be interested to hear from Mr. Pruitt on the important and necessary changes he is bringing to the EPA.
2. This is not as urgent, but he wanted to start the discussion about pulling together a small meeting of key business owners and Mr. Pruitt. This came out of a meeting Tony had a few weeks ago in California with some of our major supporters.

Tony's cell is [Personal Phone/Ex. 6] If he doesn't answer, it's because he is on stage at this event, but he will call right back.

Thank you very much for passing along this request!

Good Morning Sydney,

Since we are not able to meet on the 11th, which I understand, is it possible to provide some potential dates in April that the Administrator may be able to meet with Ms. Barra, Mr. Glidden, Mr. Turton and Mr. O'Bannon? This would allow us to compare schedules so Ms. Barra and Mr. Glidden could make the trip to DC for a meeting.

Hi Diane,

Thank you for the information! While Administrator Pruitt would like the opportunity to meet with Ms. Barra again, we will very likely be traveling on the 11th. I'm not 100% sure that we will be out of state but that is the way things are looking now. Should we look to a future date?

Thank you!

Hi Sydney,

It was a pleasure speaking with you today. Here is the meeting request that was sent on Friday. As I mentioned, the Secretary of Energy will be traveling out of the country and thus cannot make this meeting.

I know we have been working on a meeting request for March 31st but there has been a change in the request.

The Chairwoman & CEO of General Motors, Mary Barra, is going to be in Washington on April 11th along with Craig Glidden and Dan Turton. Because she is going to meet with the President that morning, she would like to join in a meeting with Secretary Perry and Administrator Pruitt along with Mike O'Bannon.

It is important that we lock down a time in the afternoon when they can all meet. The meeting does not have to be separate and therefore the meeting can be at DOE or EPA and coordinated as such. I would appreciate it if you would work with whoever is appropriate so we can get back to the Chairwoman & CEO and let her know that the meeting is scheduled and locked down.

I thank you in advance for your assistance.

Diane

The Vinyl Institute fly-in will occur tomorrow, the 17th and will have an attendance of about 75-85 attendees at the National Press Club. The current speaking slot is 3:15-3:45, but if Mandy cannot make that specific time work I think we can move some things around. While PVC MACT is the primary issue for the group I believe that there would be interest in hearing Mandy's thoughts on the new approach of EPA and any plans in the works.

Sydney: Below and attached please find the info on the American Foundry Society Fly-in as you requested last week.

I may call you about those items I sent you last week to follow up as well.

As always, please let me know if you have any questions.

Respectfully, A.J. Ferate

Please see attached our agenda for the Fly-In in June. Should Administrator Pruitt be available Tuesday morning June 20, we would slot the "Changes at EPA on Regulations - What Does it Mean for the Metalcasting Industry?" in at either 10:15 am or 11:00 am in place of one of those panels. If the Administrator cannot join us – we would be delighted to have Samantha for the

7:30 am Breakfast Session keynote slot on June 21. You can see from the agenda what the other topics are of interest to our members and the caliber of speakers we have lined up so far.

As we have discussed, the American Foundry Society represents the U.S. metalcasting industry – the sixth-largest industry sector in America and the second largest supplier of castings in the world, after China. Metal castings are integral to virtually all U.S. manufacturing activities – especially national defense, energy and infrastructure. In the U.S., castings are used to produce 90% of all manufactured durable goods and nearly all manufacturing machinery.

The American metalcasting industry provides employment for over 200,000 men and women directly and supports thousands of other jobs indirectly. Our energy-intensive, trade-exposed industry supports a payroll of more than \$9 billion and sales of more than \$30.3 billion annually. Metalcasting plants are found in every state, and the industry is made of predominately small businesses, with 80% of domestic metalcasters having fewer than 100 employees.

Foundries are the mainstay of national defense. All sectors of the U.S. military are reliant on metal castings for jet fighters, ships, tanks, trucks, weapon systems and other vital operations. In fact, the U.S. Department of Defense has established formal programs to convert fabricated components to single-piece castings, improving our military's ability to cost-effectively produce such equipment in the least amount of time.

Metalcasting is one of the most energy-intensive industries in the U.S. Approximately 55% of its energy costs are consumed in melting. Mold making, core making, heat treatment, and post-cast operations also use significant energy. As such, the sector has been particularly hard hit by the regulatory overreach from EPA over the last eight years.

The American Foundry Society (AFS) is the major trade and technical association for the North American metalcasting industry. The association has more than 8,000 members representing over 2,000 metalcasting firms, their

suppliers and customers. We will have about 150 owners, CEOs and executives in Washington for the Fly-In over those two days. Energy and enthusiasm among the attendees will be very high with the new Administration in place in Washington.

Thanks again for your help Stuart.

Best.

Subject: Will Mr. Pruitt accept Sen. Gardner's Invitation to CO?

Dear Sydney Hupp,

On March 9, Senator Cory Gardner sent a letter to Mr. Scott Pruitt to invite him to Colorado. [A link to the press release and letter is available here on Sen. Gardner's website.](#)

In the letter Sen. Gardner wrote:

"We share the goal of making communities whole from this EPA-born spill. I believe you visiting Southwest Colorado and the EPA conducting a public forum would serve as a great opportunity to hear from these communities directly."

Since then, I have made weekly inquiries to Sen. Gardner's state and DC offices as well as to Mr. Pruitt's office directly to ask whether Mr. Pruitt has responded to this invitation and if he would accept. Seems that no one knows the answer.

As Mr. Pruitt's scheduler, perhaps you are in the best position to know whether Mr. Pruitt plans to visit Colorado to speak with communities impacted by EPA's decisions directly?

As a resident of Colorado, I have concerns about potential plans to reduce the EPA's budget. In my dealing with the EPA regarding local enforcement of sulfur dioxide emissions and environmental justice concerns from an aging and high-volume polluting coal-fired power plant in downtown Colorado Springs, it seemed the EPA workers were already over-burdened and under-staffed. I can hardly imagine that further reducing the budget and staffing would alleviate the EPA's ability to respond, enforce public health protections, or adequately evaluate potential health and environmental impacts from air and water contaminants. Hearing from Mr. Pruitt on how he plans to meet the EPA's core mission of protecting public health and the environment with these profound changes to the EPA would be very valuable to Coloradans who typically consider health and the environment of the utmost importance.

Furthermore, perhaps a visit to communities in Colorado directly impacted by irresponsible companies such as the one that abandoned the Gold King Mine or those that continue to endanger neighborhoods and schools by installing oil/gas drilling sites next door would help Mr. Pruitt appreciate the importance of the EPA's mission.

We would love Mr. Pruitt to respond to Sen. Gardner's letter and schedule a public visit to Colorado as the Senator requested. A public response would be most appreciated.

Thank you for your time,

Laura van der Pol

Hi Sydney,

Attached is a formal meeting request to EPA Administrator Pruitt for April 20 from the Alliance to Restore Our Waterways (AROW) to discuss EPA's Superfund program. The meeting will include senior executives from companies, including Honeywell, BASF, Boeing, Dow and Schnitzer Steel, that are affected by the cleanup process at contaminated sediment sites.

Please do not hesitate to contact me with any further questions.

Thank you,

Subject: Meeting

Dear Sydney,

Thank you very much for the finding us a slot to meet the Administrator despite the short notice.

Following our meeting we have agreed to meet during my next visit to US in the end of the month.

I would appreciate to appoint in advance the meeting with Administrator and with his team that will be required regarding following issues:

1. WaterGen – Water Air Generators product and the standards; our technology is saving the tremendous amount of electricity and standards of energy stars for home

appliance air conditioners, dehumidifiers and industrial one.

2. Vertical Field – the solution for the pollution, I have left the materials
3. Smart LED – I will send you the materials in order to save energy and to reduce the pollution of the fluorescent lamps.

I would appreciate to have the meeting on 24 April if it is possible, if not kindly advise other alternatives.

I would appreciate to get the details of Sara, who attended our meeting and the picture we made with Administrator.

Many thanks,

Maxim.

The second request is for AFPM's executives for the afternoon of June 15th. They'll be flying into town for a series of meetings and would like to visit with Administrator Pruitt if he's available. These are the executives we expect to join.

Good morning Geoff,

Hope this email finds you well! Ryan forwarded me the below email to facilitate getting the meetings mentioned on the Administrator's calendar. Are you all based in DC or will people need to travel in for the first meeting as well as the second? Trying to get an idea of which May days you would like for me to look at for your group. Additionally, would you mind filling out the attached document at your convenience?

Thank you!

Ryan, I hope things are well. As we discussed last week, I would like to request a meeting for AFPM's president, Chet Thompson, with Administrator Pruitt in early May. Chet would like to reintroduce himself, discuss some of the issues that are top of mind for our refining and petrochemical members, and of course explore any ways AFPM can be helpful to the Administrator. By way of background, Chet was EPA Deputy General Counsel under President G.W. Bush.

Separately, we also have our Executive Committee meeting on June 15th in D.C. If I'm not overstepping, would it be possible to explore a second meeting with Administrator Pruitt and senior executives from our companies for that afternoon?

Hi Sydney-

Hope this note finds you well. Duke Energy's CEO, Lynn Good, met with Administrator Pruitt at CERAWeek back in March. They had a great discussion, and we wanted to schedule a follow-up call to go into more detail on some of the issues raised.

Would either May 18 or May 22 sometime between 2:30 and 5 pm work? I think 15-30 minutes for the phone call would be sufficient.

Hi Sydney!

Thanks for the call today. The National Association of Home Builders is very interested in having EPA Administrator Pruitt speak before a larger group of our members. In an effort to accommodate his schedule, we are willing to create a special meeting during our Mid-Year Meeting if the Administrator is available. The timing for the meeting would be Thursday, June 15 at a time that is convenient between 12:30 and 2:30 at the Marriott Wardman Park, 2660 Woodley Road, NW, Washington, DC. We would have an audience of approximately 700 members who are interested in hearing about Administrator Pruitt's vision for the agency, how the agency will address some of the high priority issues, and steps that may be taken to improve

the regulatory environment for the Nation's home builders. We would also like to reserve some time for questions, if allowed.

Our Senior Officers would also like to meet privately with Administrator Pruitt. They will be in town and available for a quick visit next week, if a meeting on such short notice is possible. They could be available Wednesday, March 29, between 3 – 5 pm or Thursday, March 30, between 8 am – 12 pm. They could also be available for a meeting on Wednesday, June 14 or before or after the address to the members on June 15, if that schedule works.

Please take another look at the calendar and let me know what might be possible. I look forward to working with you and the Administrator in the future.

Thanks for your assistance!

Good morning Sydney...Mike Mears and I could be in Washington on April 3rd, 11th, 12th, 13th, 14th or 17th. An afternoon meeting time would be helpful but not mandatory.

Thanks in advance for your consideration.

Good afternoon Adam,

I hope this email finds you well! Samantha sent over your speaking request to me and it certainly looks like something the Administrator would want to do. Would you kindly fill out the attached form so that I may discuss the best possible day with the scheduling team? Please let me know if you have any questions!

Thank you!

BTW, have you received a request or invitation from Mike Means at our state association for the Administrator to be their featured guest at the 2017 Oklahoma Building Summit on September 27 or 28 in Oklahoma City? The Summit is OSHBA's statewide conference and had over 650 participants last year.

If not, be on the lookout for same.

Sydney,

Thank you for setting up our meeting with the Administrator earlier this week. It was great! I mentioned to the Administrator coming to the Poultry Festival in June in Rogers, AR. It is an annual event attended by those in the poultry industry in Oklahoma, Arkansas and Missouri. On Friday night June 16th we have a huge fundraiser to raise money for scholarships. There will be around 1500 people at that event and would be the best event of the Festival for him to attend and speak.

I know it is a ways off and hard to know his schedule but we would love to have him if his schedule allows.

Thanks!

Dear Sydney,

As a follow up to Administrator Pruitt's conversation with Mr. Meese, I wanted to provide you with the speaking invitation details for Heritage's 40th Annual Resource Bank Meeting.

Our Resource Bank Meeting brings together about 500 leaders, influencers, and donors from across the conservative movement to talk about powerful ideas, innovative strategies, and effective marketing. This year's meeting will be held May 10-12 at The Broadmoor in Colorado

Spring. Our theme is “Rise to the Challenge,” and we think that Commissioner Pruitt would be a very inspiring speaker during our Robert H. Kriebel Dinner on Thursday, May 11.

We are happy to cover travel and hotel costs, and I am happy to answer any questions you might have about logistics, other speakers, the topic, and our audience.

Best,

Bridgett Wagner

Hey – just wanted to follow-up again and see if you had a sense of timing. If we came to you, the best timing would be Wednesday, April 5 between 10:15 and 11:30 am, or maybe between 2:30-4 pm though our afternoon is getting pretty squeezed. If the Administrator came to us, there are plenty of choices:

- Thursday April 6 Board of Directors breakfast between 7am -8 am. Location - Fairmont Hotel (2401 M St NW), Culpepper Room

Yes, we could come to your office. What timing are you thinking? Our schedule on the 5th is pretty tight now, but this meeting is a priority. Probably the best timing would be between 10:15-11:30 am. We could also make it work in the afternoon between 2:30-4 pm

Good morning Jane,

Thank you for the follow up and for the additional information! My apologies for the delay in responding to your request, we have been inundated with scheduling requests over the last few weeks but are happy that you have reached out to us! Would you be so kind as to fill out the attached speaking request form? It helps us with to streamline the requests and gets the answers we have to have knocked out early. Please feel free to reach out to me with any questions!

Thank you!

Ryan, Sydney – I wanted to follow up on this meeting request to have Administrator Pruitt speak with our Board next week. I know Crystal has spoken with you about it. We are anxious to get a day/time nailed down, as this meeting is a high priority for our fly-in.

One thing I wanted to clarify is that we are now fully booked in the afternoon on April 5. Our blocks of time in order of preference now are:

- Thursday April 6 Board of Directors breakfast between 7am -8 am. Location - Fairmont Hotel (2401 M St NW), Culpepper Room
- Thursday April 6 Board of Directors meeting between 8 am and noon. Location - Fairmont Hotel (2401 M St NW), Roosevelt Room

Subject: Two AF&PA Meeting Requests

Dear Amy Dewey,

As we discussed, AF&PA has requested two meetings with EPA. The first is a request for AF&PA's President and CEO and several of our member CEOs to meet with Administrator Pruitt on May 4th (see attached meeting request). To assist with scheduling that meeting, I have copied Sydney Hupp and Michelle Hale, as you suggested. I appreciate any help you can provide on scheduling this meeting.

The second is request for AF&PA staff to meet with Mandy Gunasekara and other key EPA staff to discuss our comments filed in response to the Department of Commerce Request for Information and to prepare for the meeting with Administrator Pruitt (see meeting request below). It is my understanding that Ms. Gunasekara has already facilitated the scheduling of that meeting. Thanks again for all your help.

Dear Amy Graham,

Thank you for your recent introductory message. We look forward to working with you on these and other issues. Jerry Schwartz

Subject: Meeting Request

Dear Ms. Gunasekara:

We are writing to request a meeting with you and your colleagues to discuss a number of EPA regulations and permit requirements that we have identified as adversely affecting our member's manufacturing operations. On March 31, AF&PA filed comments in response to the Department of Commerce's Request for Information pursuant to the President's January 24 directive, and our comments discuss problems and proposed solutions related to 77 distinct rules and permit issues impeding U.S. manufacturing. Most of the comments focus on EPA issues.

AF&PA President and CEO Donna Harman has requested a meeting with Administrator Pruitt on behalf of several of our CEOs on May 4th, and we believe that meeting with you and other key EPA staff in advance of that meeting would enable the Administrator to be

well-briefed and ensure the meeting is as productive as possible. As the issues we would like to discuss span a number of EPA offices, we have copied several of your colleagues on this message. We will facilitate your busy schedule, but the dates of April 18-21 look good for us.

Top priority issues we would like to discuss include:

1. Carbon Neutrality of Biomass
2. Air Permit Gridlock
3. Human Health Water Quality Criteria
4. EPA Procurement Guidelines for Paper and Paper Products Containing Recovered Materials/Specifications, Labels and Standards

AF&PA represents U.S. manufacturers of pulp, paper, packaging, tissue and wood products. Our industry employs 900,000 hard working men and women, and our mills often are located in small, rural communities that need good-paying jobs. The U.S. forest products industry is very heavily regulated, but at the same time also must operate efficiently in a fiercely competitive global market.

We look forward to hearing from you soon and to discussing these important issues. Thank you for your consideration.

Best regards,

Paul Noe

Sydney: Below and attached please find the info on the American Foundry Society Fly-in as you requested last week.

I may call you about those items I sent you last week to follow up as well.

As always, please let me know if you have any questions.

Respectfully, A.J. Ferate

Please see attached our agenda for the Fly-In in June. Should Administrator Pruitt be available Tuesday morning June 20, we would slot the "Changes at EPA on Regulations - What Does it Mean for the Metalcasting Industry?" in at either 10:15 am or 11:00 am in place of one of those panels. If the Administrator cannot join us – we would be delighted to have Samantha for the 7:30 am Breakfast Session keynote slot on June 21. You can see from the agenda what the other topics are of interest to our members and the caliber of speakers we have lined up so far.

As we have discussed, the American Foundry Society represents the U.S. metalcasting industry – the sixth-largest industry sector in America and the second largest supplier of castings in the world, after China. Metal castings are integral to virtually all U.S. manufacturing activities – especially national defense, energy and infrastructure. In the U.S., castings are used to produce 90% of all manufactured durable goods and nearly all manufacturing machinery.

The American metalcasting industry provides employment for over 200,000 men and women directly and supports thousands of other jobs indirectly. Our energy-intensive, trade-exposed industry supports a payroll of more than \$9 billion and sales of more than \$30.3 billion annually. Metalcasting plants are

found in every state, and the industry is made of predominately small businesses, with 80% of domestic metalcasters having fewer than 100 employees.

Foundries are the mainstay of national defense. All sectors of the U.S. military are reliant on metal castings for jet fighters, ships, tanks, trucks, weapon systems and other vital operations. In fact, the U.S. Department of Defense has established formal programs to convert fabricated components to single-piece castings, improving our military's ability to cost-effectively produce such equipment in the least amount of time.

Metalcasting is one of the most energy-intensive industries in the U.S. Approximately 55% of its energy costs are consumed in melting. Mold making, core making, heat treatment, and post-cast operations also use significant energy. As such, the sector has been particularly hard hit by the regulatory overreach from EPA over the last eight years.

The American Foundry Society (AFS) is the major trade and technical association for the North American metalcasting industry. The association has more than 8,000 members representing over 2,000 metalcasting firms, their suppliers and customers. We will have about 150 owners, CEOs and executives in Washington for the Fly-In over those two days. Energy and enthusiasm among the attendees will be very high with the new Administration in place in Washington.

Thanks again for your help Stuart.

Dear Sydney,

Thank you very much for the finding us a slot to meet the Administrator despite the short notice.

Following our meeting we have agreed to meet during my next visit to US in the end of the

month.

I would appreciate to appoint in advance the meeting with Administrator and with his team that will be required regarding following issues:

1. WaterGen – Water Air Generators product and the standards; our technology is saving the tremendous amount of electricity and standards of energy stars for home appliance air conditioners, dehumidifiers and industrial one.
2. Vertical Field – the solution for the pollution, I have left the materials
3. Smart LED – I will send you the materials in order to save energy and to reduce the pollution of the fluorescent lamps.

I would appreciate to have the meeting on 24 April if it is possible, if not kindly advise other alternatives.

I would appreciate to get the details of Sara, who attended our meeting and the picture we made with Administrator.

Many thanks,

Maxim.

To: Stanley Gerdes <stan.gerdes@hq.doe.gov>, Aaron Dickerson <dickerson.aaron@epa.gov>

I know we have been working on a meeting request for March 31st but there has been a change in the request.

The Chairwoman & CEO of General Motors, Mary Barra, is going to be in Washington on April 11th along with Craig Glidden and Dan Turton. Because she is going to meet with the President that morning, she would like to join in a meeting with Secretary Perry and Administrator Pruitt along with Mike O'Bannon.

It is important that we lock down a time in the afternoon when they can all meet. The meeting does not have to be separate and therefore the meeting can be at DOE or EPA and coordinated as such. I would appreciate it if you would work with whoever is appropriate so we can get back to the Chairwoman & CEO and let her know that the meeting is scheduled and locked down.

I thank you in advance for your assistance.

Sydney: Below and attached please find the info on the American Foundry Society Fly-in as you requested last week.

I may call you about those items I sent you last week to follow up as well.

As always, please let me know if you have any questions.

Respectfully, A.J. Ferate

Please see attached our agenda for the Fly-In in June. Should Administrator Pruitt be available Tuesday morning June 20, we would slot the “Changes at EPA on Regulations - What Does it Mean for the Metalcasting Industry?” in at either 10:15 am or 11:00 am in place of one of those panels. If the Administrator cannot join us – we would be delighted to have Samantha for the 7:30 am Breakfast Session keynote slot on June 21. You can see from the agenda what the other topics are of interest to our members and the caliber of speakers we have lined up so far.

As we have discussed, the American Foundry Society represents the U.S. metalcasting industry – the sixth-largest industry sector in America and the second largest supplier of castings in the world, after China. Metal castings are integral to virtually all U.S. manufacturing activities – especially national defense, energy and infrastructure. In the U.S., castings are used to produce 90% of all manufactured durable goods and nearly all manufacturing machinery.

The American metalcasting industry provides employment for over 200,000 men and women directly and supports thousands of other jobs indirectly. Our energy-intensive, trade-exposed industry supports a payroll of more than \$9 billion and sales of more than \$30.3 billion annually. Metalcasting plants are found in every state, and the industry is made of predominately small businesses, with 80% of domestic metalcasters having fewer than 100 employees.

Foundries are the mainstay of national defense. All sectors of the U.S. military are reliant on metal castings for jet fighters, ships, tanks, trucks, weapon systems and other vital operations. In fact, the U.S. Department of Defense has established formal programs to convert fabricated components to single-piece castings, improving our military’s ability to cost-effectively produce such equipment in the least amount of time.

Metalcasting is one of the most energy-intensive industries in the U.S. Approximately 55% of its energy costs are consumed in melting. Mold making, core making, heat treatment, and post-cast operations also use significant energy. As such, the sector has been particularly hard hit by the regulatory overreach from EPA over the last eight years.

The American Foundry Society (AFS) is the major trade and technical association for the North American metalcasting industry. The association has more than 8,000 members representing over 2,000 metalcasting firms, their suppliers and customers. We will have about 150 owners, CEOs and executives in Washington for the Fly-In over those two days. Energy and enthusiasm among the attendees will be very high with the new Administration in place in Washington.

Thanks again for your help Stuart.

Best.

Sydney,

Ambassador Wilkins asked me to reply on his behalf.

The meeting attendees will be:

Brad Wall, Premier of Saskatchewan

Reg Downs, Senior Advisor, Premier Wall

Kent Campbell, Deputy Minister, Saskatchewan

Ambassador David Wilkins, Partner, Nelson Mullins

Justin Meyers, Policy Advisor, Nelson Mullins

Ambassador Wilkins' cell number is (864) 704-6548 in case something comes up.

The meeting will primarily focus on energy and regulatory files between the US and Canada – specifically CCS (carbon capture and sequestration) and reducing regulatory burdens on fossil fuel producers in Canada and the US. Premier Wall is fighting for the continued use of coal in Canada, against a carbon tax and against stringent methane regulations from oil and gas production. Saskatchewan is home to the Boundary Dam III project which is a retrofit of a 115 MW coal fired power plant with carbon capture and sequestration, and in 2014 became the world's first commercial post combustion CCS plant. Saskatchewan is also the 3rd largest coal producer in Canada, the second largest oil producer in Canada and third largest natural gas producer.

I have also included Premier Wall's bio below.

Please let us know if we can provide anything further.

Justin

Honourable Brad Wall

Brad Wall was first elected Premier of Saskatchewan in the November 2007 provincial election.

His government was re-elected in the 2011 provincial election with 64% of the popular vote and in the 2016 provincial election with 62% of the popular vote – the highest percentages of any political party in Saskatchewan history.

Premier Wall's government can point to a remarkable list of achievements, including:

- The largest personal income and property tax cuts in the history of Saskatchewan;
- Reducing the province's operating debt by 40 per cent and saving \$1.2 billion in interest payments since 2008;

- Saskatchewan receiving a AAA credit rating from Moody's Investors Service for the first time; the highest level possible for a provincial government;
- Population growth of 132,000 people in 8 years – more growth than the previous 75 years combined to an all-time high of 1.14 million people;
- Implementing a Patients' First Review of the province's health care system and reducing surgical wait times from the longest in Canada to among the shortest;
- The most aggressive youth retention program in the country to ensure Saskatchewan's young people stay and work in the province; and
- Record infrastructure spending to improve roads, schools, hospitals and senior's facilities all across Saskatchewan.

Premier Wall is also a passionate advocate for the province's most vulnerable, often saying that the purpose of pursuing economic growth is to "secure a better quality of life for all Saskatchewan people."

His government created a new direct income support for people with disabilities called the Saskatchewan Assured Income for Disability (SAID) program, eliminated service wait lists for those with intellectual disabilities and have increased autism support and services by 1500%

During the last few years, Premier Wall has been consistently rated as Canada's most popular premier in public opinion polls. He has earned a national reputation as a forceful and articulate defender of Saskatchewan's and Canada's trade interests, particularly in the areas of energy and agriculture.

Premier Wall was first elected to the Saskatchewan Legislature in 1999, representing the constituency of Swift Current. Prior to entering elected politics, he was active in his local business community and involved in service work spanning local events, economic development and health care recruitment.

Premier Wall was born and raised in Swift Current, which is in Saskatchewan's southwest. He still lives there with his wife, Tami. He and his wife have three children.

Premier Wall received his post secondary education at the University of Saskatchewan, where he earned an Honours degree in Public Administration.

In his spare time, Premier Wall enjoys spending his time with family, reading, cooking, golfing, and cheering for the Saskatchewan Roughriders.

Good Morning Michelle,

On behalf of the New England Council, please find the attached invitation for Secretary Pruitt to speak its members at a Federal Policy Briefing, as part of their Annual Spring Event in Washington, D.C., on the afternoon of Wednesday, May 3, 2017.

The briefing will be held at the Willard Intercontinental Hotel from 2:00 – 4:00 PM. There are 4-5 speakers over the course of the afternoon, each speak for approximately 10-15 minutes. There may also be a few questions as well. They are able to accommodate what works best for the Secretary's schedule.

Additional information on the event, as well as background on the New England Council, is included in the attachment. I have also attached a separate list of speakers from the Obama and Bush Administrations as well.

Thank you for your consideration and please let me know if you have any additional questions.

Best,

External Meeting Request Form.docx

Hey Lyndsay,

May 3 won't work for us now either. Since you are coordinating so many schedules, why don't you send me some possible days in times and I will endeavor to make one of them work.

Additionally, would you mind filling out the attached form for scheduling purposes on our part?

Thank you!

Hi Sydney,

We are having trouble coordinating our CEOs' schedules. We may be able to make one of these work, but are there any other dates/times that would work for Administrator Pruitt in early May?

Many thanks in advance for your help!

Best,

Lyndsay

Hi Jeanette,

Hope this email finds you well! I am reaching out from Administrator Scott Pruitt's office to schedule a meeting with NAAG. Apologies for the delay in getting back to you! Would it be possible for you all to meet at our office at 10:45am on March 29th? If not I can look at some alternative options.

Thank you in advance!

Sydney,

Could you please assist us with setting up an introductory meeting between the Administrator and IPAA's President and CEO, Barry Russell? We have several items affecting independent oil and natural gas producers that we'd like to identify and offer our assistance as EPA seeks to address them.

Feel free to reach out to Lee Fuller (cc'd) or myself with any questions. We thank you in advance for the consideration of this request.

Yes, on lunch on the 22.

I would also like to have him at Saturday am meeting if possible with 300 environmental attorneys of all political stripes where he can discuss his view on co-operative federalism or why Flint can't happen again.

Arranging some high C meetings with executives in Dallas?

Knowing the bookends of the Administrators visit will enable us to plan.

What I had hoped to do is strategize a plan with you or someone at EPA.

If this is possible. let me know.

Sydney,

My staff has reminded me that the Office of Homeland Security requires information on foreign visitors visiting EPA. We usually ask the host Embassy to provide us this information, but in the case of former Prime Harper the meeting request is coming from Mr. Smotkin. Can you ask him to fill out this form for Mr. Harper and any other Canadian citizen that will be coming to this meeting. We will need this information before the delegation arrives on Monday.

Thanks,

Sydney,

I got your email from Crystal. She said to shoot you an email about our upcoming trip to DC. We will be bringing the OK Ag Leadership Encounter. It is a group of 12 college Juniors and Seniors in the OSU College of Agriculture. The group spends the year learning about agriculture in Oklahoma and in April we always go to DC to learn Federal policy. We were hoping we could swing by EPA and meet with Administrator Pruitt for a brief period. We are coming to town April 2nd -4th and were hoping we could swing by EPA on Monday April 3 somewhere in the time period of 9am -12 pm. Clearly his schedule is far busier and more important than ours and we will make anytime he is available work. I have copied Kass Pfeiffer on this email as she is organizing the trip on our end. Thanks for your help on this and hopefully it can work out.

Thanks!

Dear Sydney,

As a follow up to Administrator Pruitt's conversation with Mr. Meese, I wanted to provide you with the speaking invitation details for Heritage's 40th Annual Resource Bank Meeting.

Our Resource Bank Meeting brings together about 500 leaders, influencers, and donors from across the conservative movement to talk about powerful ideas, innovative strategies, and effective marketing. This year's meeting will be held May 10-12 at The Broadmoor in Colorado Spring. Our theme is "Rise to the Challenge," and we think that Commissioner Pruitt would be a very inspiring speaker during our Robert H. Kriehle Dinner on Thursday, May 11.

We are happy to cover travel and hotel costs, and I am happy to answer any questions you might have about logistics, other speakers, the topic, and our audience.

Best,

Bridgett Wagner

Event: The Heritage Foundation's 40th Annual Resource Bank Meeting

Theme: "Rise to the Challenge"

Dates: May 10-12, 2017

Location: The Broadmoor Resort - Colorado Springs, CO

Request: Keynote the Robert H. Kriebel Dinner – Thursday, May 11

Our best open windows for bringing the egg producers to meet with Administrator Pruitt are as follows:

Wednesday, May 17

3:00 pm - 5:00 pm

Thursday, May 18

9:00 am - 11:00 am

Can we find something in these windows that works or do we need to look for others?

Hi Sydney,

That is great news. I will work with the egg producers and get back to you with day/time windows that might work – they will want to be very flexible and make this work for the Administrator's schedule.

I will get back to you later today or tomorrow with the filled-out form.

Best!

Tom

Thanks so much for your reply Sydney. We certainly understand. As an alternative, would it be possible for 3 to 5 grower leaders in at some point to meet the Administrator over that period? These would be the people responsible for some of the largest egg producing operations in the country with multiple farm sites and more than 50 million laying hens under production.

Best!

Good afternoon Mr. Herbert,

Thank you for reaching out to me and thank you for the invitation for Administrator Pruitt to keynote! Unfortunately, we are unable to participate this time due to conflicts on the schedule those days. Please do not hesitate to reach out to us in the future though! Hopeful you have a great rest of your week.

Subject: Invitation to Administrator Pruitt to Offer a Keynote Address to the Nation's Egg Producers in DC on May 17, 18 or 19, 2017

Dear Ms. Hupp,

I hope you are well and settling in nicely at EPA.

Please see attached a letter inviting the Administrator to offer a keynote address to the nation's

egg producers at a meeting being held by United Egg Producers (UEP) here in Washington, D.C. on May 17, 18 or 19, 2017. Details are included in the letter.

UEP's farmer members raise hens that produce about 95% of the nation's eggs, and most of that egg production will be accounted for by the 150 or so egg producers in the audience listening to Administrator Pruitt's address should he decide to do this. These producers and UEP have been at the forefront of several US EPA rulemakings and policies that are central to how farmers operate today; Clean Water Act matters involving the Concentrated Animal Feeding Operations (CAFO) rule, WOTUS rule and the Chesapeake Bay TMDL as well as Clean Air Act and CERCLA/EPRCA matters as they relate to ammonia and other air emissions. These are tremendously important issues that relate directly to how egg producers can continue to proudly meet their environmental responsibilities and the growing demand for eggs, and in general make their contribution to the nation's safe, wholesome and abundant food supply.

These farmers would appreciate hearing about Administrator Pruitt's plans for US EPA's environmental programs so they can better understand how they could contribute to the success of his efforts and what these plans might mean for their farms and businesses.

Please let me know if you have any questions or if the Administrator can accept this invitation.
Thank you in advance for your consideration of this request.

Best!

Sydney,

We have refined our proposed topics for today's CEO Council meeting with the administrator. Attached, please find:

- [REDACTED] Revised "Final Proposed Agenda Topics," which includes the list of those CEO Council members who will attend our meeting today, and their short bios
- [REDACTED] Introduction / Mission Overview of the CEO Council
- [REDACTED] CEO Council Letter to President Trump, dated February 9, 2017

We assume we can skip a formal "round table of introductions" at the beginning of the meeting as our time is short and we want to maximize time spent talking about issues.

Good afternoon Peter,

Hope this email finds you well! I am reaching out today about setting up a meeting to continue the discussion between Dow Chemical and Administrator Scott Pruitt. My apologies for the delay in getting this email into you—it has been a crazy time over here! Samantha let me know we need to get you on the schedule. What kind of time frame are you thinking on setting this up? Looking forward to working with you on this!

Best,

Sydney,

I got your email from Crystal. She said to shoot you an email about our upcoming trip to DC. We will be bringing the OK Ag Leadership Encounter. It is a group of 12 college Juniors and Seniors in the OSU College of Agriculture. The group spends the year learning about agriculture in Oklahoma and in April we always go to DC to learn Federal policy. We were hoping we could swing by EPA and meet with Administrator Pruitt for a brief period. We are coming to town April 2nd -4th and were hoping we could swing by EPA on Monday April 3 somewhere in the time period of 9am -12 pm. Clearly his schedule is far busier and more important than ours and we will make anytime he is available work. I have copied Kass Pfeiffer on this email as she is organizing the trip on our end. Thanks for your help on this and hopefully it can work out.

Thanks!

The meeting is with John Minge, who is Chairman & President of BP America, but is NOT the Chief Executive of BP plc.

He is our senior executive in the U.S.

The meeting is really an initial introduction.

He will likely tell the Administrator about the company's role in the U.S., issues we work with E.P.A. on, and likely invite him to visit some of our facilities.

There is no specific issue we are pushing or ask we are making.

That work?

Thanks for speaking with me regarding setting up a meeting March 30th at 2PM with POET, CEO Jeff Broin, and Administrator Pruitt. Attached is our formal request with all the information regarding talking points.

On our end, POET is delighted about a meeting with Administrator Pruitt and can confirm that 2PM 3/30 works for them.

I will confirm the list of attendees as soon as I can.

Dear Administrator Pruitt,

Attached is a formal request from Robert Walther, Vice President at POET LLC, to request a meeting on behalf of POET CEO and founder Jeff Broin for March 29, 2017 or the afternoon of March 30, 2017, at your convenience.

Jeff Broin is the Chairman and CEO of POET, the largest producer of biofuels worldwide. Mr. Broin has been heavily involved in biofuels advocacy and promotion on both the federal and state levels for more than 25 years. The purpose of this meeting request is to discuss Midwestern rural economic development issues including the Renewable Fuel Standard (RFS) and proposals that have been submitted to the EPA and the Administration to modify that program.

Please let me know if you need additional information or have questions.

Thank you for your consideration of this request.

We're all here in DC. Sometime this month would be perfect, the sooner the better really. We have our legislative fly-in starting on March 28 (with Mr. Pruitt speaking to our cattle producers on March 30) so it would be optimal for this meeting to happen before March 28. Thanks in advance for your effort on this. Happy to discuss further by phone if that's helpful. 202 347 0228.

The meeting is with John Minge, who is Chairman & President of BP America, but is NOT the Chief Executive of BP plc.

He is our senior executive in the U.S.

The meeting is really an initial introduction.

He will likely tell the Administrator about the company's role in the U.S., issues we work with E.P.A. on, and likely invite him to visit some of our facilities.

There is no specific issue we are pushing or ask we are making.

That work?

Copying my colleague Bob Stout, who runs Regulatory Affairs on my team and will be a good point of contact for your office in the future.

Hi Tasha,

Hope you are doing well! Michelle forwarded on to me your request to meet with Administrator Pruitt on March 29th during your Congressional Action Tour. It is actually looking like we might be traveling on the 29th, leaving the afternoon of the 28th. Is there any possibility of you being able to meet on the morning of the 28th? Additionally, would you mind completing the attached meeting request form? Due to the large amount of scheduling requests coming in we are trying to streamline efforts a little bit. I am really hoping this meeting works out, we would love to see our Farm Bureau Friends!!

Michelle,

The requested dates are:

1) In Washington DC, April 27, 2017 to speak to our Board and Sr. Management – informal discussion. Which can be anytime that day convenient to Scott. We could do lunch or dinner or

take 45 minutes to an hour in conversation that afternoon. Alternatively he could speak at dinner on the 26th.

2) The next event is to speak—prepared remarks and Q&A to the Coal and Investment Forum in Abingdon Va. Sunday evening dinner June 4, 2017 or anytime the next morning June 5, 2017. We have speaking slots for breakfast or lunch or anytime in between.

Let me know if you have any other questions.

Sydney,

We sent the meeting request below to Mr. Pruitt earlier this month, but in a follow up call, learned that you would be the best one to work with moving forward. The Economic Alliance Houston Port Region will be traveling to Washington D.C. the last week in March, the 28th through the 31st. We would like to request a meeting with him or his staff at his convenience on either **March 29th or 30th**. The Economic Alliance represents the 25-mile Houston Ship Channel, home to the nation's largest petrochemical complex and its' second largest port.

We will have members with us representing Shell, ExxonMobil, Kinder Morgan, INEOS, Turner Industries, the President of the Texas Chemical Council and the Executive Director of the East Harris County Manufacturers Association. This group will be interested in discussing the new Administrator's strategy and policies affecting the chemical industry along the Texas Gulf Coast. We understand that Mr. Pruitt's schedule is busy, and would be willing to meet with his staff if he is unavailable.

We thank you for your consideration and look forward to meeting with you.

My name is Robert Wright and I am the CEO/Owner of Murex LLC headquartered in Dallas Texas. I called and chatted with you prior to Scott's confirmation and you said that you could get a meeting with Scott once he was confirmed. The company I manage is one of the largest marketers and participants in the Ethanol marketplace with revenues exceeding 4 Billion at the peak. We have been involved with the EPA for years in the RINS area and worked to establish some of the QAP programs. In doing so we have been exposed to some of the RIN fraud cases (primarily D5 RINS) which have cost my company tens of millions of dollars during the last couple of years thru no fault of our own. I would like to speak to Scott for a short period of time to plead our case regarding this matter. I know he is busy with many issues but I feel this is a case of great injustice where good honest people are punished for no apparent reason. I would be happy to send you a brief outlining the problem and potential solution if that would help you. Thank you in advance for your help and consideration.

Checking in to see if the Pruitt meeting is possible for next week as we will have the appropriate folks flying into town. And if next week is bad we can shoot for the week of May 15th.

Thanks and let me know if you need anything more from me.

I just tried to call you to ask a quick question on the number you have listed below but didn't get an answer. Is there a better number to call you? My number is 202-368-4323.

Attached is the form I have filled out today.

I wanted to let you know to do the meeting the week of May 1st we will need to send in the Executive team which are listed on the request form. The team is well versed on the issues

facing republic and will be able to provide in detail to the Administrator the issues facing Republic Services.

Thanks and let me know what more information you need from me.

We will get this filled out and back to you by tomorrow.

We would like to do the meeting in the next couple of weeks and we can also offer to meet Mr. Pruitt outside of DC if you all are traveling the country. While the executive team for Republic is based in Phoenix we can get to anywhere.

Should we just outline that in the attachment?

Thanks.

Hope you are well.

I wanted to email you to request a meeting with Administrator Pruitt with the CEO of

Republic Services, Dan Slager. As you know Republic Services is the second largest waste company in the country.

Purpose of the meeting will be to update Mr. Pruitt on the issues we are dealing with at Republic and the issues surrounding the West Lake Landfill in Missouri.

I am happy to work with your staff to set up a meeting in the coming weeks or month.

Thanks and let me know what else you need from us.

Our best open windows for bringing the egg producers to meet with Administrator Pruitt are as follows:

Wednesday, May 17

3:00 pm - 5:00 pm

Thursday, May 18

9:00 am - 11:00 am

Can we find something in these windows that works or do we need to look for others?

Best!

That is great news. I will work with the egg producers and get back to you with day/time windows that might work – they will want to be very flexible and make this work for the Administrator's schedule.

I will get back to you later today or tomorrow with the filled-out form.

Best!

Thanks so much for your reply Sydney. We certainly understand. As an alternative, would it be possible for 3 to 5 grower leaders in at some point to meet the Administrator over that period? These would be the people responsible for some of the largest egg producing operations in the country with multiple farm sites and more than 50 million laying hens under production.

Dear Ms. Hupp,

I hope you are well and settling in nicely at EPA.

Please see attached a letter inviting the Administrator to offer a keynote address to the nation's egg producers at a meeting being held by United Egg Producers (UEP) here in Washington, D.C. on May 17, 18 or 19, 2017. Details are included in the letter.

UEP's farmer members raise hens that produce about 95% of the nation's eggs, and most of that egg production will be accounted for by the 150 or so egg producers in the audience listening to Administrator Pruitt's address should he decide to do this. These producers and UEP have been at the forefront of several US EPA rulemakings and policies that are central to how farmers operate today; Clean Water Act matters involving the Concentrated Animal Feeding Operations (CAFO) rule, WOTUS rule and the Chesapeake Bay TMDL as well as Clean Air Act and

CERCLA/EPRCA matters as they relate to ammonia and other air emissions. These are tremendously important issues that relate directly to how egg producers can continue to proudly meet their environmental responsibilities and the growing demand for eggs, and in general make their contribution to the nation's safe, wholesome and abundant food supply.

These farmers would appreciate hearing about Administrator Pruitt's plans for US EPA's environmental programs so they can better understand how they could contribute to the success of his efforts and what these plans might mean for their farms and businesses.

Please let me know if you have any questions or if the Administrator can accept this invitation.
Thank you in advance for your consideration of this request.

Best!

Tom Hebert

Dear Administrator Pruitt:

CLUB 20 is a 64-year old non-partisan coalition of individuals, businesses, associations and local governments with members from 22 counties West of the Continental Divide in Colorado. (Please feel free to visit us on the web at www.club20.org.)

As part of our organization's mission to advocate for Western Colorado, CLUB 20 hosts 30 or more civic leaders from Western Colorado in Washington D.C. and arranges opportunities to meet with elected and appointed officials to discuss issues of interest to our region. We are working with the offices of **Senator Michael Bennet as well as Congressmen Scott Tipton** to coordinate the details of this year's visit.

We will be in Washington D.C. May 23-25, 2017, and would very much like to meet with you for approximately 15-20 minutes on either May 24th or May 25th. Our members would like to visit with you about issues of significant interest that are under the purview of the Environmental Protection Agency. We are also interested in learning about how various EPA efforts may impact our local communities, businesses and citizens.

We would like to thank you in advance for your consideration of this request to meet with you on May 24th or 25th. We would appreciate the opportunity to visit with you and hope that this timing will work for your schedule.

I hope that you will be able to attend the 2017 OTC and MANE-VU Spring Meeting being held on Tuesday, June 6th at the Gideon Putnam, located at 24 Gideon Putnam Road, Saratoga Springs, NY 12866. The OTC and MANE-VU Spring Meeting will be held from 9:30 am to 4:00 pm. Please register for the meeting on our website,

The hotel's room rate is \$119 per night. Please call (866) 746-1077 to make reservations, refer to group code: 9NA301. The OTC room block cut-off date is **Friday, May 5th**.

The registration fee for the four EPA members of the OTC (see below) will be waived. We ask that all EPA attendees please register for planning purposes. The Registration Deadline is Monday, May 29th. Attached for your convenience are the agenda and hotel and travel information.

Registration/check-in will begin on June 6th at 8:00 am, and the meeting will convene at 9:30 am. A draft meeting agenda is attached for your information. **Please note that we have scheduled an Executive Session between only the OTC state members and senior EPA managers on June 6th from 8:00 to 9:15 am.**

We invite the EPA members of the OTC (four official member representatives, including one each from EPA Headquarters/OAR and Region I, II and III offices) to sit at the table; all other EPA participants are invited to sit in the gallery with our other stakeholders and guests. Meeting materials will be emailed to the offices of each EPA member: Acting Assistant Administrator Sarah Dunham (EPA/OAR), Acting Regional Administrators, Deborah Szaro (EPA Region I), Catherine McCabe (EPA Region II), and Cecil Rodrigues (EPA Region III) and their designees.

We ask that each EPA office notify Mrs. Kromeklia Bryant (by phone at 202-508-3840 or via email at kbryant@otcair.org) who will be attending in the members'

capacity, especially where the EPA member has designated someone else to attend in his/her place. We will be making tent cards for the EPA members seated at the table and nametags for all attendees, so we will appreciate knowing this information in advance of the meeting.

EPA participants other than the four official OTC members or their designees have the option of paying the \$125 registration fee or attending as a member of the public. The meeting registration fee helps to cover the cost of the meeting facility and breaks, and entitles payees to meeting materials, lunch and our luncheon speaker. If you are not an official EPA member of OTC but only wish to have the meeting materials and not attend the lunch, you can purchase the materials at the meeting registration desk for a fee of \$20.00, payable by cash or check.

Please let us know if you have any questions.

I look forward to seeing you there!

Michelle,

I spoke with Sydney today and she requested I send you some information on Earth Day Texas.

I am copying RJ as we have been in contact by text.

We look forward to hosting Scott next month. We know it would be a positive experience for him and the EPA.

Trammell Crow (founder and my friend and business colleague of 30+ years) took over Earth Day Dallas six years ago.

Trammell decided that the environment was an issue he wanted to put his time treasure and talent behind.

He has taken it from twenty cardboard tables that had a few non-profits, Sierra Club etc, a back masseuse and crystal sellers

to a serious free market business exposition and conference on the environment. It is now called Earth Day Texas, but

we are talking the "Earth" out of our name next year and going to EARTHx.

We live by two mottos:

- Conservation has no party
- Let green drive black to the bottomline (smart green will do this over time)

Last year we had 130,000 visitors over our three day exhibition, almost 900 exhibitors and several hundred speakers.

Six thousand came out on our B to B day on Friday.

We take over the entire Texas State Fair for the event. Attached to this email is a brief sizzle reel that gives some perspective on its size,

and yes, EVERYthing is bigger in Texas.

We are free market driven and work overtime to be a neutral public square for all ideas worth discussing.

This year the Mitchell Foundation is working with us to put on a day and a half conference on shale production.

Because of this the Sierra Club is boycotting us. We think natural gas is vital to our national security and industry.

Last year Avi Garbow (then chief counsel for the EPA) came and spoke. I put him up against an author I like Ron Bailey who wrote, *The End of Doom*.

Avi squirmed when he had to admit that a fossil fuel was in fact the #1 component of COP 21 plans for the united States.

Our exhibition runs for three days and our event for five.

Friday is our Business day and we have many activities

My number one goal is that he could keynote a lunch at our legal Symposium.

We will have 300 attorneys here for an all day program with many in house chief counsels as well.
(attached)

This lunch is on Friday the 21st.

I would like to have him speak on co-operative federalism under the new administration.

He could touch on states rights, rule of law, due process or WHATEVER he wanted.

In the afternoon I would like to get him in front of various business leaders in a forum, possibly moderated by our friend Ken Starr or someone acceptable to Scott.

And then host a private reception for him.

He could speak at a banquet on Friday night with many business leaders attending as well, depending on his schedule and availability. We are flexible.

We also plan on hosting several Lt. Governors and possible governors and

ALEC is coming and bringing many state legislators. I would anticipate ten congressmen will attend. I also noticed this in the paper recently:

http://www.bizjournals.com/dallas/news/2017/03/03/dfw-airport-wins-epa-climate-leadership-award.html?ana=e_me_set1&s=scroll&ed=2017-03-03&u=%2FHfG8GZuqSk46mjF%2Fx9ICA00f4bd4d&t=1489091033&j=77541591

Possibly Scott would want to give the award in person to an exec from DFW.

All details can be worked out. We need to know Scott's availability and time schedule.

He can stay at the Anatole at the Reagan suite Thursday or Friday nights if needs to stay overnight.

It was built by the Crows for the 84 convention. I was on that planning committee.

We also could possibly host a breakfast at Crow Holding on Saturday.

I understand he has been to Old Parkland in a previous trip.

Please call me to discuss.

Trammell sends his best wishes as well.

Faith> BF

I made up slogans for all departments after the Trump victory.

For the EPA I wrote:

The environment as desired.

With enforcement as required;

Nothing less- Nothing more!

Subject: Request to Scott Pruitt to speak in September or October at Heartland Institute Benefit Dinner

Michelle,

I hope you are well, and I appreciate all the work you did to see if Administrator Pruitt could speak at The Heartland Institute's climate conference in March. I hope Mr. Pruitt could speak at another Heartland event, which is why I'm sending this email.

Below my signature is an official invitation from Heartland Institute President Joseph Bast for Mr. Pruitt to be the keynote speaker at our annual benefit dinner, tentatively scheduled for September or October, depending on what's best for his schedule. We will be mailing this out in hard-copy form later this week, but I wanted to get the ball rolling immediately.

We certainly hope Administrator Pruitt will say "yes," and let me know if you have any questions.

Warm regards,

Dear Administrator Pruitt:

Thank you for everything you've been doing to advance President Trump's agenda.

I was sorry your schedule didn't allow you to speak at our Twelfth International Conference on Climate Change, held March 23-24 in Washington DC. It was a huge success!

I am writing to ask if you could come to Chicago this fall to speak at The Heartland Institute's 33rd Anniversary Benefit Dinner. The event will be on a Wednesday or Thursday evening in September or October. We can be flexible for whatever date best suits you.

The event likely will be held in the evening at The Cotillion, a fine banquet hall located in a town just down the road from our offices in Arlington Heights, Illinois. The venue is used frequently by elected officials and candidates during political seasons and can hold up to 800 people.

Each year, our anniversary dinners attract nearly 500 people – and with you as our honored keynote speaker, we'd surely sell out the hall with nearly a thousand friends and pro-Trump supporters.

I hope you or your scheduler can give me a call soon with a “yes,” and any other questions you might have regarding our event. You can reach me at 312/377-4000, or by email at jbast@heartland.org.

Please know that everyone here at Heartland is pulling for you and the entire Trump administration to be a success. Nothing less than the future of liberty is riding on it.

A handwritten signature in black ink, appearing to read "JBast", with a large, stylized loop on the left side.

Sincerely,

Joseph L. Bast

About The Heartland Institute

The Heartland Institute is a 33-year-old national nonprofit research organization, founded in 1984, dedicated to finding and promoting ideas that empower people.

Mission: Our mission is to discover, develop, and promote free-market solutions to social and economic problems.

Staff: A full-time staff of 39, including 30 working in Arlington Heights, Illinois. Joseph Bast is president and CEO. Dr. Herbert Walberg is chairman of the board.

Policy Advisors: 370 academics and professional economists serve as policy advisors and 250 elected officials pay dues to serve on our Legislative Forum.

Publications: Heartland sends four monthly policy newspapers – *Budget & Tax News*, *Environment & Climate News*, *Health Care News*, and *School Reform News* – to every national and state elected officials in the United States and thousands of civic and business leaders. It also produces books, policy studies, booklets, podcasts, and videos.

Communications: In 2016, we appeared in print and on television or radio 853 times with a combined print circulation of 67.7 million readers. We hosted 15 websites generating more than 1.8 million pages views.

Policy Bot: Heartland hosts an online database and search engine called *PolicyBot* containing the complete text of (not just links to) more than 32,000 reports and commentaries from some 300 free-market think tanks and advocacy groups.

Events: Heartland hosted 68 events in 2016, attended by 10,616 people. We have hosted 12 International Conferences on Climate Change since 2008, attended by more than 5,000 people.

Government Relations: We contacted elected officials more than one million times in 2016, with 24,948

total direct personal contacts with elected officials, including 4,963 face-to-face meetings, 5,374 phone calls, 13,970 personal email contacts, and 641 contacts via personal mail.

Public positions: We focus on issues in education, environmental protection, health care, budgets and taxes, and constitutional reform.

Funding: Our 2016 income came from the following sources: foundations 67%; individuals 19%; business 11%; other 3%. Heartland is funded entirely by the tax-deductible contributions of its supporters and receives no funds from any government at any level.

Contact information: 3939 North Wilke Road, Arlington Heights, IL 60004, phone 312/377-4000, email think@heartland.org.

For more information: The “About” page on our website at www.heartland.org contains endorsements of our work, a history, and video prepared for our 25th anniversary in 2009.

I hope that you will be able to attend the 2017 OTC and MANE-VU Spring Meeting being held on Tuesday, June 6th at the Gideon Putnam, located at 24 Gideon Putnam Road, Saratoga Springs, NY 12866. The OTC and MANE-VU Spring Meeting will be held from 9:30 am to 4:00 pm. Please register for the meeting on our website,

The hotel's room rate is \$119 per night. Please call (866) 746-1077 to make reservations, refer to group code: 9NA301. The OTC room block cut-off date is **Friday, May 5th**.

The registration fee for the four EPA members of the OTC (see below) will be waived. We ask that all EPA attendees please register for planning purposes. The Registration Deadline is Monday, May 29th. Attached for your convenience are the agenda and hotel and travel information.

Registration/check-in will begin on June 6th at 8:00 am, and the meeting will convene at 9:30 am. A draft meeting agenda is attached for your information. **Please note that we have scheduled an Executive Session between only the OTC state members and senior EPA managers on June 6th from 8:00 to 9:15 am.**

We invite the EPA members of the OTC (four official member representatives, including one each from EPA Headquarters/OAR and Region I, II and III offices) to sit at the table; all other EPA participants are invited to sit in the gallery with our other stakeholders and guests. Meeting materials will be emailed to the offices of each EPA member: Acting Assistant Administrator Sarah Dunham (EPA/OAR), Acting Regional Administrators, Deborah Szaro (EPA Region I), Catherine McCabe (EPA Region II), and Cecil Rodrigues (EPA Region III) and their designees.

We ask that each EPA office notify Mrs. Kromeklia Bryant (by phone at 202-508-

3840 or via email at kbryant@otcair.org) who will be attending in the members' capacity, especially where the EPA member has designated someone else to attend in his/her place. We will be making tent cards for the EPA members seated at the table and nametags for all attendees, so we will appreciate knowing this information in advance of the meeting.

EPA participants other than the four official OTC members or their designees have the option of paying the \$125 registration fee or attending as a member of the public. The meeting registration fee helps to cover the cost of the meeting facility and breaks, and entitles payees to meeting materials, lunch and our luncheon speaker. If you are not an official EPA member of OTC but only wish to have the meeting materials and not attend the lunch, you can purchase the materials at the meeting registration desk for a fee of \$20.00, payable by cash or check.

Please let us know if you have any questions.

I look forward to seeing you there!

depending on his schedule and availability. We are flexible.

We also plan on hosting several Lt. Governors and possible governors and

ALEC is coming and bringing many state legislators. I would anticipate ten congressmen
will attend. I also noticed this in the paper recently:

Non-responsive Internal URL/Ex. 6

Possibly Scott would want to give the award in person to an exec from DFW.

All details can be worked out. We need to know Scott's availability and time schedule.

He can stay at the Anatole at the Reagan suite Thursday or Friday nights if needs to stay overnight.

It was built by the Crows for the 84 convention. I was on that planning committee.

We also could possibly host a breakfast at Crow Holding on Saturday.

I understand he has been to Old Parkland in a previous trip.

Please call me to discuss.

Trammell sends his best wishes as well.

I made up slogans for all departments after the Trump victory.

For the EPA I wrote:

The environment as desired.

With enforcement as required;

Nothing less- Nothing more!
